Comment/recommendation

Were there any topics not covered during the workshop that should be included in future workshop courses ?

- No,
- Selected topic are very useful but should be included some information technology method in Thailand.

Would you like to comment or recommend on any items of workshop methods?

- Very well
- It's a great chance to attend this kind of workshop. The best method is linking theoretical knowledge to application in real life.
- No comment, all one very nice
- No
- The Item of workshop methods is very well

Comment for other logistics

- Refreshment
- Lunch and Dinning are very satisfied.

Please give your comments or suggestions to improve the workshop logistics or facilities:

- Very well
- All are excellent
- Workshop is very good, no need for further logistic or facilities.
- No
- No comment

Would you recommend this workshop to others like yourself?

Yes	No
4	1

Please give additional comments and suggestions to improve for the future workshop.

- No, Suggestions.
- After finishing the topic, all powerpoint should be share via email, so every candidate can be study daily other facilities are complete
- I think, long time training (or) at last one month to provide similar training in future. This training is very careful for the health information system
