

Curriculum Vitae

Sirinya Phulkerd

(BSc, MSc, MPhil, PhD)

1. Contact:

Office address Institute for Population and Social Research,
Mahidol University
Salaya, Phutthamonthon, Nakhon Pathom
73170, Thailand

Email sirinya.phu@mahidol.ac.th

Website <http://www.ipsr.mahidol.ac.th/ipsrbeta/en/Index.aspx>

2. Research interests:

Policy analysis, food policy and governance, food environments, food related behaviours, food security

3. Educations:

2014-2017 Doctor of Philosophy in Food Policy
Deakin University, Australia
(Thesis entitled: Analysis of policy implementation for healthier food environments in Thailand)

2008-2010 Master of Philosophy in Public Health and Policy
London School of Hygiene & Tropical Medicine, United Kingdom

2002-2004 Master of Science in Biological Sciences
University of Massachusetts, United States of America

1996-2000 Bachelor of Science in Biotechnology
Mahidol University, Thailand

4. Position:

2021-present Associate Professor, Institute for Population and Social Research,
Mahidol University

2020-2021 Assistant Professor, Institute for Population and Social Research,
Mahidol University

2017-2020	Lecturer, Institute for Population and Social Research, Mahidol University
2016-2017	Research Analyst, Country Case Study Project for Policies for Prevention and Control of NCDs, the World Bank
2012-2014	Program Manager, Food and Nutrition Policy for Health Promotion Program at International Health Policy Program, Ministry of Public Health Thailand
2010-2014	Researcher, Health Promotion Policy Research Center at International Health Policy Program, Ministry of Public Health Thailand

5. Honors & awards:

2024	Mahidol University Researcher of the Year - Rising Researcher Award in Social Sciences, Humanities and Arts
2023	Outstanding Faculty Award of Institute for Population and Social Research
2023	Mahidol University's Distinguished Thesis Award (For Major Advisor)
2023	Mahidol University's Top 1% Researchers Award
2022	Mahidol University's Global Talent Academic Staff
2020	Outstanding Faculty Award of Institute for Population and Social Research
2018	Erasmus+ Teaching Mobility Fellowship at University of Bonn, Germany
2016	Outstanding Oral Presentation Award of the 7 th International Graduate Students Conference on Population and Public Health Sciences, Thailand
2015	Best Poster Presentation Award of the 2021 International Congress of Nutrition Preparation Committee, Japan
2014-2017	Deakin University Postgraduate Research Scholarship, Deakin University (Doctor of Philosophy)
2011-2013	Strengthening Thai Capacity for Health Promotion Fellowship, Thai Health Promotion Foundation
2011	AusAID's Australian Leadership Awards Fellowships –Regional Collaboration to Childhood Obesity Program
2008-2010	World Health Organization Postgraduate Scholarship (Master of Philosophy)

6. Committees/working groups:

2024	Committee of Mahidol University's Central Institutional Review Board (MU-CIRB)
2024	Chair of Institutional Review Board of Institute for Population and Social Research (IPSR-IRB), Mahidol University

2023-present	Member of Academic Performance Monitoring and Evaluation Working Group of Thailand's Research Networking and Ethics Project, appointed by National Research Council of Thailand
2023	Member of Technical Working Group on One Home One Garden Policy & World Class Street Food Policy, under WHO Country Cooperation Strategy on Noncommunicable Diseases & Bureau of Noncommunicable Disease, Department of Disease Control, Ministry of Public Health
2022	Co-chair of Obesity Prevention and Control Policy Project Working Group, under WHO Country Cooperation Strategy on Noncommunicable Diseases & Bureau of Noncommunicable Disease, Department of Disease Control, Ministry of Public Health
2022-2023	Co-chair of Institutional Review Board (IRB) of Institute for Population and Social Research, Mahidol University
2020-present	Food Marketing Control Guideline Development Committee, appointed by Department of Health, Ministry of Public Health Thailand
2019-present	Committee of Ph.D. Program in Population and Social Research, Institute for Population and Social Research, Mahidol University
2017-2018	Committee of M.A. Program in Population and Sexual and Reproductive Health, Institute for Population and Social Research, Mahidol University
2014-2019	Country representative (public and private-sector policy monitoring modules) of the International Network for Food and Obesity/NCDs Research, Monitoring and Action Support (INFORMAS)

7. Publications:

7.1 Research articles

2024

- Ngqangashe Y, **Phulkerd S**, Schram A, Collin J, Schneider CH, Thow AM, Friel S. Inhibitors and supporters of policy change in the regulation of unhealthy food marketing in Australia. *International Journal of Health Policy and Management* 2024 [in press]
- Jindarattanaporn N, **Phulkerd S**, Chamrathirong A, Gray RS, Pattaravanich U, Loyfah N, Thapsuwan S, Thongcharoenchupong N. How an agreement with restriction of unhealthy food marketing and sodium taxation influenced high fat, salt or sugar (HFSS) food consumption *BMC Public Health* 2024, 24, 586.
- Thapsuwan S, **Phulkerd S**, Chamrathirong A, Gray RS, Jindarattanaporn N, Loyfah N, Thongcharoenchupong N, Pattaravanich U. Relationship between consumption of high fat, sugar or sodium (HFSS) food and obesity and non-communicable disease. *BMJ Nutrition, Prevention & Health* 2024, 0, e000794.
- Jindarattanaporn N, Kelly B, **Phulkerd S**. A comparative analysis of unhealthy food and beverage television advertising to children in Thailand, between 2014 and 2022. *Globalization and Health*. 2024, 20, 2.

2023

- **Phulkerd S**, Thapsuwan S, Gray RS, Chamratrithirong A, Pattaravanich U, Ungchusak C, Saonuam P. Financial hardship on food security in ageing populations. *International Journal of Public Health* 2023, 68:1605755.
- Thow AM, **Phulkerd S**, Ngqangashe Y, Ravuvu A, Zaruba L, Schneider CH, Collin J, Schram A, Friel S. Protecting children from unhealthy food marketing: a comparative policy analysis in Australia, Fiji and Thailand. *Health Promotion International* 2023, 38, 1–12.
- **Phulkerd S**, Gray RS, Chamratrithirong A, Pattaravanich U, Thapsuwan S. Financial satisfaction, food security, and shared meals are foundations of happiness among older persons in Thailand. *BMC Geriatrics* 2023, 23:690.
- **Phulkerd S**, Thongcharoenchupong N, Dickie S, Machado P, Woods JL, Mo-Suwan L, Prasertsom P, Ungchusak C, Khitdee C, Lawrence MA. Profiling ultra-processed foods in Thailand: sales trend, consumer expenditure and nutritional quality. *Globalization and Health* 2023, 16:64.
- Jindaratnaporn N, Rittirong J, **Phulkerd S**, Thapsuwan S, Thongcharoenchupong N. Are exposure to health information and media health literacy associated with fruit and vegetable consumption? *BMC Public Health* 2023, 23:1554.
- **Phulkerd S**, Thapsuwan S, Gray RS, Chamratrithirong A, Pattaravanich U, Ungchusak C, Saonuam P. Life satisfaction before and during COVID-19 pandemic in Thailand. *International Journal of Public Health* 2023, 68:1605483.
- **Phulkerd S**, Dickie S, Thongcharoenchupong N, Thapsuwan S, Machado P, Woods J, Mo-Suwan L, Prasertsom P, Ungchusak C, Khitdee C, Lawrence M. Choosing an effective food classification system for promoting healthy diets in Thailand: A comparative evaluation of three nutrient profiling-based food classification systems (government, WHO and Healthier Choice Logo) and a food processing-based food classification system (NOVA). *Frontiers in Nutrition* 2023, 10:1149813.
- **Phulkerd S**, Thongcharoenchupong N, Chamratrithirong A, Gray RS, Pattaravanich U, Ungchusak C, Saonuam P. Socio-demographic and geographic disparities of population-level food insecurity during the COVID-19 pandemic in Thailand. *Frontiers in Public Health* 2023, 10:1071814.

2022

8. Other academic activities:

Teaching

International Graduate Program:

2023	Nursing Leadership and Health Policy (Ph.D. Program)
2022-present	Global Perspectives of Nutrition for Health (Ph.D. Program)
2023-present	Global Health Policy (Ph.D. Program)
2022-present	Social Theory for Demography (Ph.D. Program)
2022-present	Qualitative Methods (Ph.D. Program)
2020-present	Research Ethics (Master & PhD Program)
2019-present	M&E of Population and Reproductive Health Programs (Master Program)
2018-present	Social Research Methodology (Master Program)
2018-present	Advanced Research Methodology (Ph.D. Program)

Thai Graduate Program:

2020-present	Research Ethics (Master & PhD Programs)
2020-present	Evaluation of Population and Social Policy and Project (Master Program)
2018-present	Population and Social Policy (Master Program)

Supervisions

Principal supervisor:

2023	Ms. Parichat Nakraksa
------	-----------------------

- M.A. thesis entitled: Factors influencing variety and adequacy of fruit and vegetable consumption in Thai population
At Institute for Population and Social Research, Mahidol University
- 2022 Mr. Weerapak Samsiripong
- Ph.D. thesis entitled: The analysis of implementation of policies for eliminating trans-fat acids in Thailand (Distinguished Thesis Award)
At Institute for Population and Social Research, Mahidol University
- 2021 Ms. Nongnuch Jindarattanaporn
- Ph.D. thesis entitled: The role of media-health literacy in lifestyle behaviors among young adolescents in Thailand
At Institute for Population and Social Research, Mahidol University
- Associate supervisor:*
- 2023-present Ms. Payao Phonsuk
- Ph.D. thesis entitled: Strengthening healthy food environment policy: a case study of policy implementation in Thailand
At Centre for Health Policy and Economics, School of Public Health, the University of Sydney
- 2023-present Ms. Teh Wai Siew
- Ph.D. thesis entitled: Prioritising Policy Related to Food Retail Environments in Malaysia: A Qualitative Study
At Centre for Community Health Studies (ReaCH), Faculty of Health Sciences, Universiti Kebangsaan Malaysia
- 2022-present Ms. Anchulee Onsri
- Ph.D. thesis entitled: Effectiveness of Health Promoting schools on health outcomes of school-age children
At Institute for Population and Social Research, Mahidol University
- 2020 Mr. Pannawat Thuengklin
- M.A. thesis entitled: Stakeholder's perception in implementation of senior housing policy in Thailand
At Institute for Population and Social Research, Mahidol University
- 2019 Ms. Aye Thi Khaing
- M.A. thesis entitled: Factors influencing delivery by skilled birth attendants and postnatal health check among mother in Myanmar
At Institute for Population and Social Research, Mahidol University
- 2018 Ms. Le Hieu Thuy Anh
- M.A. thesis entitled: Factors associated with HBV and HCV co-infection among people living with HIV receiving ARV treatment in Vietnam
At Institute for Population and Social Research, Mahidol University

9. Research projects (from 2018-present):

- 2024-2026 **Food and nutrition research to inform healthy food environment policies in Thailand (with 4 research studies)**
1) Assessment of local food systems
2) Population-based survey on food consumption, food security and food literacy among Thai people with disability
3) Estimating the potential impact of implementing sodium tax: a modelling study
4) Analysis of implementation of healthy street foods policies and actions

Role: Chief investigator & Principal investigator of study 2
Funding: Thai Health Promotion Foundation
- 2023 **Review of early childhood nutrition and growth promotion in foreign countries**
Role: Principal investigator
Funding: Bureau of Nutrition, Department of Health
- 2023 **Study on knowledge and understanding on knowledge package on FBDGs among pregnant women, lactating mothers and primary caregivers of children 0-5 years of age**
Role: Principal investigator
Funding: Bureau of Nutrition, Department of Health & UNICEF
- 2023-2024 **Monitoring survey on consumption of sugar-sweetened beverages and beverages eligible for Healthier Choice Logo in Thai population (Wave 4)**
Role: Principal investigator
Funding: Thai Health Promotion Foundation
- 2023-2024 **Project on 'Analysis of food supply chain management and interventions to promote healthy eating in Thai population' (with 5 research studies)**
1) Analysis of food procurement and service of school lunch program through linking with food supply chain.
2) Impact of green market on equity in food supply chain
3) Cost-effectiveness of fruit and vegetable consumption interventions in Thai population
4) Analysis of behavioral economics interventions to increase fruits and vegetables consumption in Thai youths
5) Impact and monitoring of food and beverage marketing to Thai children

Role: Chief investigator
Funding: Thai Health Promotion Foundation
- 2022-2023 **Lancet series on ultra-processed foods and human health**
Role: Collaborator (with universities and research institutes from Australia, Brazil, Canada, Chile, Columbia, France, Ghana, Ireland, India,

	Mexico, New Zealand, Senegal, South Africa, United Kingdom, and United States) Funding: Bloomberg Philanthropies
2022-2024	Population-based survey on food consumption, food security and food literacy in Thailand (Wave 1) Role: Principal investigator Funding: Thai Health Promotion Foundation
2018-2022	Monitoring of sugar-sweetened beverage (SSB) consumption among Thai people, after endorsement of SSB taxation (Wave1-3) Role: Principal investigator Funding: Sweet Enough Network of Thailand
2022-2023	Reshaping urban retail food environment project – a multi-site, collaborative project in China, Indonesia, Philippine and Thailand Role: Country principal investigator (with Global Obesity Centre for Preventive Health and Nutrition (GLOBE), Australia) Funding: UNICEF
2020-2024	Examining the role of retailers in obesogenic food environments & identifying policy opportunities to address the double burden of malnutrition in SEA (Malaysia, Thailand, Indonesia and Philippine) Role: Country principal investigator (with Universiti Kebangsaan Malaysia, National Sun Yat-sen University, Reconstra Integra Utama, Indonesia and University of Sydney) Funding: International Development Research Centre
2022	Development of monitoring and evaluation (M&E) framework to support controls on the marketing of unhealthy food and drink to children in Thailand Role: Principal investigator Funding: UNICEF
2021-2022	Project on ‘Food policy and system, and monitoring and evaluation (Food ME)’ (with 6 research studies) <ol style="list-style-type: none"> 1) Analysis of food systems in Thailand 2) Evaluation of potential impact of SSB taxation in Thailand 3) Evaluating Thailand’s nutrition profiling systems against the NOVA food classification system for promoting healthy diets 4) Development of indicators and protocol for food marketing monitoring and surveillance for Thailand 5) Design of monitoring and evaluation mechanism for Thailand Healthy Lifestyle Division of ThaiHealth 6) Guideline for impact evaluation of food and nutrition projects and granted by Thailand Healthy Lifestyle Division of ThaiHealth Role: Chief investigator & Principal investigator of study 3 (in collaboration with Institute for Physical Activity and Nutrition, Deakin University, Australia) Funding: Thai Health Promotion Foundation
2019-2022	Governing harmful commodities: the case of ultra-processed foods (in Australia, Thailand and Fiji)

- Role: Country principal investigator (with Australian National University, University of Sydney, University of Edinburg & The Pacific Community)
Funding: Australian Research Council
- 2018-2022 **Monitoring survey on fruit and vegetable eating behavior in Thailand (Wave 1-3)**
Role: Principal investigator
Funding: Thai Health Promotion Foundation
- 2021 **A review of policies and actions to reduce saturated fat intake**
Role: Principal investigator
Funding: Faculty of Medicine Ramathibodi Hospital, Mahidol University
- 2020-2021 **Diffusion of policy innovation for NCD prevention: SSB taxes**
Role: Collaborator (with University of Sydney, Australia)
Funding: -
- 2019-2020 **Review and analysis of the profile of government policies for healthy housing for older people in Thailand**
Role: Principal investigator
Funding: Foundation of Thai Gerontology Research and Development institute & National Research Council of Thailand
- 2019-2020 **Childhood obesity policy research project (with 7 research studies)**
1) Factor analysis of childhood obesity in Thailand
2) Forecast of childhood obesity prevalence in Thailand
3) Impact evaluation of school-based interventions in Thailand
4) Cost-effectiveness analysis of childhood obesity prevention interventions in Thailand
5) Analysis of media landscape, and media consumption and media health literacy among Thai children
6) Assessment of government policies for childhood obesity prevention against WHO's Ending Childhood Obesity Framework
7) Analysis of international experiences for successful implementation of childhood obesity prevention
- Role: Chief investigator of the project & Principal investigator of study 6
Funding: Thai Health Promotion Foundation
- 2018-2019 **Maternal dietary intakes and nutrition status in ASEAN countries: Strengthening data analysis for policy and program**
Role: Researcher (with Institute of Nutrition)
Funding: Bill & Melinda Gates Foundation
- 2018 **A systematic review of effectiveness of obesity interventions in adults: reduction in body mass index and waist circumference**
Role: Principal investigator
Funding: Bureau of Health Promotion, Department of Health
- 2018 **Cost-effectiveness of salt reduction interventions in Thailand using OneHealth tool**
Role: Co-principal investigator (with International Health Policy Program)
Funding: Food and Nutrition Policy for Health Promotion Program
